

# Every service. Every payout. *One page.*

This is the complete Repeat Cash schedule — the full list of what Hawaii Wellness Clinic pays you for each referral that comes in and gets care. **You earn on every service below**, not just the popular ones. Credited automatically. No forms, no invoicing, no chasing anyone.

## How it *works*

Three steps — the only one you have to get right is the first.

### 01 — REFER

#### Send them in

Point the member to the gym's QR code. When they apply, they enter **your first and last name** — that's what ties the referral to you.

### 02 — EARN

#### They get care

Repeat Cash lands in your balance the moment your referral completes a consultation or treatment. Amount depends on the service.

### 03 — REDEEM

#### Spend it here

Tell the HWC front desk on your next visit. Your balance applies to **any service** in this guide. Updates right away.

#### **FIRST AND LAST NAME — EVERY TIME**

The referral form needs **both your first and last name**. First name alone is not enough — we have multiple trainers sharing a first name, and an incomplete entry can't be matched to you. If it can't be matched, **the credit can't be paid**. Spell it the same way every time.

#### CHECK YOUR BALANCE

#### TRAINERS

**ufc-team-2026**

#### MANAGEMENT

**ufc-gym-2026**

## How the numbers are set

Every payout on the next two pages is **10% of the clinic's standard list price** for that service, rounded to the nearest \$5, with a **\$25 minimum** on any completed treatment.

Your payout is **the same no matter who you refer** — members and veterans receive discounted care, and that discount comes out of the clinic's side, never yours.

# What you *earn*

Sorted highest to lowest inside each category. Programs and packages pay on the full course and are credited at the first session.

## Regenerative & Biologics

*Highest-value referrals in the clinic.*

|                          |              |

| Premium IV Drip      | <b>\$50</b> |
| Standard IV Drip     | <b>\$25</b> |
| NAD+ — 100mg or Vial | <b>\$25</b> |

## Consultations & Hormone

*Paid on the first completed visit, then again when they start treatment.*

|                                |             |
|--------------------------------|-------------|
| Any Consultation — first visit | <b>\$50</b> |
| HRT Workup                     | <b>\$25</b> |

## Good to know

- **Both names, every time.** First and last name on the referral form, spelled consistently.
- **Credited on completion,** not on booking. If your referral no-shows, nothing is credited.
- **Consultations pay too.** You earn \$50 on the first visit, then again when they start treatment.
- **Packages pay once,** on the full course, at the first session — not per session.
- **Repeat Cash is clinic credit,** redeemable at HWC. It is not cash and is not transferable.
- **Prices and payouts can change.** The live balance in your portal is always the current figure.

### PLEASE READ — WHAT TRAINERS CAN AND CANNOT SAY

Hawaii Wellness Clinic is a physician-supervised medical clinic. Your role is to **introduce people to the clinic** — not to diagnose, prescribe, recommend a specific treatment, or give medical advice of any kind. Whether a service is appropriate for someone is decided only by an HWC clinician after evaluation. Please don't promise an outcome, quote a success rate, or tell a member which therapy they need.

Many therapies offered at HWC — including ketamine for mental health, peptide therapy, and compounded weight-loss medications — are prescribed **off-label or are not FDA-approved** for those uses. That is lawful medical practice, but it is not the same as an approved product, and it should never be described as one.

#### PLACEHOLDER — DO NOT DISTRIBUTE UNTIL REPLACED

The clinic's regenerative / stem cell regulatory statement goes here. This must be written from the actual documentation the clinic holds and cleared by the medical director and counsel before this guide is handed to anyone. See the accompanying note.
